

Dimension (cm)

Technical Data

Rated Load	1000kg
Load Center	600mm
Max Lifting Height	60mm
Fork Outer Width	584mm
Turning Radius	1200mm
Dimension	1657*785*265mm
Fork Size	1200*184*98mm
Load/Unload Travel Speed	0.7/1.0m/s
Navigation Method	Laser Navigation
Position Accuracy	±10mm
Battery Voltage/Capacity	48V/36Ah
Battery Type	LiFePO4

Customized Solution

HULKMAN

LTB1000

China Pioneer AGV Pallet Truck

Full Electric Type

Free Maintenance

Mini Fork Ground Clearance 90mm

More High Cose Performance

JINAN HULK MACHINERY CO., LTD

Office Address: 2nd Floor, Kaichuangyungu of D17 Industry Park, No.17 Dikou Road, Tiangiao, Jinan, Shandong, China
Plant Address: No.2 nanwei Road, Area of High-tech Development Zone, Wuhu, Anhui, P.R. China
Website: www.hulkfork.com Sales&Service Hotline: +86 150 9870 9389 Email: Miya@hulkfork.com

Intelligent Control System

Intelligence Leader

Adopt unmanned driving framework algorithm, intelligent path selection and obstacle avoidance, traffic prediction, autonomous picking and release.

Rapid Deployment

Support SLAM positioning without reflectors, reduces deployment cycle, support "dumb" mapping mode, make mapping extremely simple, and support mobile APP operation.

Full security protection

Deep vision, plane laser and backward sensing not only bring a full perception capabilities, but also provide a full security guarantees

Process Design Structure

Appearance Design

Streamlined body design, creating the beauty of craftsmanship;
The smart display of vehicle status makes smart technology simpler.

Full Electric Type, Reliable Quality

Travel and lift are all electric, lift and down are synchronized, motor is free maintenance;
Patented lifting structure design, non-hydraulic principle, no oil leakage hidden danger, meet food and medicine cleanliness requirements.

Upgrade Power, Longer Battery Life

Balance volume and battery capacity, optimize power consumption algorithm and charging mechanism, use less energy consumption to have longer battery life.

Application
